Clinch Valley Health's mission is simple: Making Communities Healthier®. By creating places where people choose to come for healthcare, physicians want to practice and employees want to work, we are providing quality care close to home and investing in our region's overall well-being. Your support allows us to continue to enhance the many ways we serve and care for southwest Virginia and southern West Virginia today and for generations to come. Thank you.

— Peter Mulkey, CEO

In 2019, we...

...added 12 providers

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high-quality care. This year, we added providers in medical oncology, pediatrics, and internal, family and emergency medicines.

...made more than \$1.8 million in capital improvements

By continually investing in our facilities, we're helping to ensure that we continue to meet our community's healthcare needs. This year, we invested in 3D mammography, ultrasound, air handler units, a new sterilizer and other facility improvements.

...distributed a payroll of \$49,433,238 to approximately 700 employees

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high-quality care and service.

...donated more than \$13 million in services to those in need

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

...paid \$6,131,448 in taxes

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.

Clinch Valley Health was excited to begin offering 3D mammography for patients in 2019.

Clinch Valley Health was honored to host U.S. Congressman Morgan Griffith.
