Our mission of Making Communities Healthier® has always been central to the contributions we make to southwest Virginia and southern West Virginia. As our region found itself impacted by the COVID-19 pandemic, that mission became even more critical to the well-being of our community. We are proud to be part of a national healthcare network that provided quality care for more than 20,000 COVID-19 patients in 2020 – including those here at home. LifePoint Health's continued support – and yours – allows us to create places where people choose to come for healthcare, physicians want to practice and employees want to work. As we look ahead to a bright future, we look forward to further enhancing how we serve our neighbors today and for generations to come. Thank you.

— Peter Mulkey, CEO

In 2020, we...

...added 37 employed, affiliated and telehealth providers

...made more than \$530,000 in capital improvements

...distributed a payroll of \$48,001,330 to more than 670 employees

...donated more than \$10.3 million in services to those in need

...paid \$5,787,053 in taxes

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high-quality care. This year, we added providers in general surgery, orthopedics, emergency care, tele-psychiatry, tele-neurology, tele-critical care and tele-radiology.

By continually investing in our facilities, we're helping to ensure that we continue to meet our community's healthcare needs. This year's investments included parking lot improvements, a technology refresh, a coagulator and more.

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high-quality care and service.

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.

Clinch Valley Health has been able to provide several community vaccine clinics in the area.

Our healthcare heroes are also proud to be vaccine heroes to help put this pandemic behind us.

LifePoint Health National Quality Leader designation recognizes hospitals that have excelled in leadership, performance, improvement, culture and patient and family engagement, and have the capacity to continuously measure and improve what they do.

LIFEPOINT HEALTH®

MAKING COMMUNITIES HEALTHIER

Charity care and other uncompensated care includes charity care, uninsured discounts and uncompensated care. Physician recruitment costs include recruitment costs and support of new physicians' initial practice establishment in the community. Payroll includes consolidated salaries, wages, benefits and contract labor costs. Capital investments include facility expansions/renovations, equipment purchases, technology replacement, information technology additions/updates and routine facility upkeep and maintenance. All references to "LifePoint," "LifePoint Health" or the "Company" used in this release refer to subsidiaries of LifePoint Health, Inc.

Clinch Valley Health is part of LifePoint Health®, a leading healthcare company dedicated to Making Communities Healthier®. Through its subsidiaries, it provides quality inpatient, outpatient and post-acute services close to home. LifePoint owns and operates community hospitals, regional health systems, physician practices, outpatient centers, and post-acute facilities in 29 states. It is the sole community healthcare provider in the majority of the non-urban communities it serves. More information about the company can be found at LifePointHealth.net.
