Inviting the best possible providers into our community and supporting them is essential to ensuring access to high-quality care. This year, we added providers in family medicine, emergency care, general surgery, anesthesiology and pediatric dentistry.

By continually investing in our facilities, we're helping to ensure that we continue to meet our community's healthcare needs. This year's investments included ultrasound equipment, an anesthesia machine, a new defibrillator and robotic-assisted surgical technology for total knee replacements.

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high-quality care and service.

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.

Clinch Valley Health was proud to be part of COVID-19 vaccination efforts in the region.

We are proud to serve our community and honored that you trust us with your care.
